STRANGE DEATH ON A STREET CAR

Mother Thinks Shock of Seeing She Had Ridden Too Far Caused Girl's End

SUBJECT TO HEART FAILURE

Miss Bessie Coar Expired Suddenly While on Her Way Home From Webster Groves

Mrs. William Coar of 2804 Russell avenu gives a remarkable explanation for the sudden death of her daughter, Miss Bessie Coar, who died on a street car at Cali-Coar, who died on a street car at can-fornia and Gravois avenues when apparent-ly in good health. Mrs. Coar says that her daughter had suffered for four months from a constitutional ailment which some-times took the form of heart failure and believes that when site looked from the car window and saw that she had been carried ten blocks beyond her home the surprise and shock of excitement killed her.

The mother says that many small inci-dents had previously caused her daughter great excitement and temporary failure of the heart.

Dr. Hugo A. Auler of 2708 Lynch street, who was summoned as soon as the girl had been carried from the car, says that had been carried from the car; says that inasmuch as Miss Coar was dead when he reached her he can give no other explanation than the professional diagnosis of heart failure, being unable to say whether the shock of being carried beyond her home could have produced a fatal stroke.

Miss Coar died on a Tower Grove car at 6 o'clock Tuesday evening while on her way home from Welster Groves, where Miss Coar died on a Tower Grove car at 6 o'clock Tuesday evening while on her way home from Webster Groves, where she was a teacher in a conservatory of nuisic. On her ride from the center of the city toward her home. Miss Coar had been sested and talking with Miss Harvey of 2605 South King's highway boulevard. The two were laughing and chatting when Miss Coar saw that she was far beyond her alighting place Russell and California avenues. A moment later when Miss Harvery spoke to her no answer was given.

Miss Harvey, alarmed, but not thinking of death, called the conductor. Miss Coar was carried to a drug store, where all efforts to restore her failed. The body was then removed to the family residence.

Though only 18 years old, Bessle Coar had attained considerable prominence as a violinist. She was a pupil under Lichtenstein and appeared frequently at recitals at the Odeon and in concerts at other places. She gave promise of becoming a finished artist.

Monday Miss Coar began teaching the violin at the Webster Conservatory and was enthusiastic about her work. She said to her mother that the result of her long years of faithful study were now just beginning to be recognized.

INDICTMENTS PENDING IN LIGHTING BILL CASE

He Was Civen a Three Years' Sentence for Offering \$2500 Bribe to Dr. H. N. Chapman to Vote for Garbage Contract.

The decision of the supreme court discharging Butler brings in question the validity of the St. Louis Sanitary Co.'s \$130,000 contract with the city, popularly designated as the garbage grab.

Mayor Wells said on learning of the decision that he would at once ask the advice of City Counselor Bates regarding proceedings to annul the contract, which has now eight months longer to run.

Another Butler concern, the Excelsior Hauling Co., has the contract for garbage removal. Both contracts were let by the board of health, and payments have been regularly made by the city on both.

The court now holds that the board of health was not empowered to let the reduction contract.

This contract was let under a special ordinance, which practically eliminated all competition against the Butler competies.

The points on which the decision was rendered were technical. The evidence, except as to the date of the alleged offer, is not brought in question in the decision.

Butler's trial at Fulton, Callaway County, on the charge of paying a \$47,500 bribe to Charles F. Kelly and 18 other members of the House of Delegates for the passage of the city lighting bill, is docketed for next Wednesday.

In any case a section of the Japanese diet is expected to impeach the cabinet for its apparent lack of aggressivenees, but the result is doubtful, as the government can dissolve the house if the opposition threatens to embarrass its foreign policy.

Japan, generally, is calmly awaiting Russia's reply, ready to end the suspense one way or the other, but resolved not to yield a thing of her present moderate stand.

VALIDITY OF CONTRACTS Mayor Wells told the Post-Dispatch that he would confer at once with City Comptroller Bates regarding the effect of the supreme court's decision in the Butler bribery case, on the city's contract with the St. Louis Sanitary Co. This contract, to secure which Butler was alleged to have committed bribery, has eight months to run. The supreme court, in its opinion, held that the board of health had no authority to make it. The city contracts with the sanitary company and with the Excelsior Hauling Co. are still under investigation by the Municipal Assembly.

RULING OF SUPREME COURT NULLIFIES GARBAGE CONTRACT

NULLIFIES GARBAGE CONTRACT
In September, 1991, the Municipal Assembly passed an ordinance empowering the board of health to make a contract for the hauling and disposal of the city's garbage. The ordinance specified that the Merz process of garbage reduction should be employed. This process was controlled by the St. Louis Banitary Co. On Sept. 17 of the same year Mayor Wells approved the ordinance and the board thereupon entered into a contract with the Sanitary company, of which Butler was the recognized legislative agent, and in which be held and now holds a large block of stock.

The supreme court virtually nullifies this nitract, holding that it is in direct contract with the city charter. All ordinances based on charter provisions, just as statutes of the state are based upon a state constitution.

therefore, that Blair's first trial on the charges against him will be in the federal court.

If this should not be true, however, the attorneys agree that any action the state courts might take on the indictments would have no effect on the insurance suit.

Henry T. Kent, counsel for Blair in the suit, when asked whether the insurance or evidence of Blair's guilt, said:

"The company must produce a preponderance or evidence of Blair's guilt, said:

"The company alleges that Mr. Blair concealed his forgeries in applying for insurance. This is one of the grounds on which cancellation of his policy is asked. Obviously, the company must prove that there were forgeries before it can prove they were concealed and it must prove them. I think, as 'thoroughly as if the proceeding were a criminal trial on the charge of forgery. This must, furthermore, be done independently of the criminal proceedings, as if no indictments had been returned."

Former Judge John E. McKeighan, counsel for the insurance company, said:
"It is true there are points in the case where we must prove Mr. Blair guilty of forgery as alleged in our petition. I hardly think we shall have to go as far in the proof as if this were a criminal proceeding, but that remains to be seen. I presume we should be allowed more latitude in the character of evidence we introduce than a criminal trial would permit, but that, too, is a debatable question which only the trial will determine."

"Since the insurance company must prove in the insurance company again that such have been made, may be introduced in the insurance suit."

"The insurance company has not an easy suming that such have been made, may be introduced in the insurance of evidence of Blair's guilt."

COLOMBIA'S ARMY INVADING PANAMA

A Force of 1100 Men Land on the Coast of the Gulf of Darien to Open a Way Over the Mountains Into the New Republic.

LA GUAYRA, Venezuela, Dec. 9.—The tionary army on Monday, is captured by the opposing forces on Tuesday, and on the opposing forces on Tuesday, and on wednesday is found still shouting "Viva Colombia," but this time with the powers French steamer Versailles, which has arrived here from Savanilla, reports that Colombian steamers have landed 1100 men, from Cartagena, near the mouth of the Atratoriver (on the Gulf of Darlen) to open a way over the Darlen mountains into Panama.

Other troops from the departments of Cauca, Colombia, are said to be converging on Panama, and from all parts of Colombia troops are reported to be marching or awaiting the result of Gen. Reyes' mission to Washington.

Wednesday is found still shouting "Viva Colombia," but this time with the powers that be.

Sor uniform, this is werely a question of a tag of color to distinguish different education and a pair of loose drawers, with a sort of kepl for a full-dress hat—otherwise a ragged straw or a bare head, which does quite well. The common soldier wears no shoes, but occasionally sports a pair of sandals, hitched to the foot by a thong passing between the big toe and its neighbor. In cold blood, he is inclined to keep out of sight; but rouse his enthusiasm and he will rush, without hesitation or care of the consequences, into the mouth of hell. Properly led and disciplined, there could be no better soldier. As it stands, he is without discipline, not led at all, and hence of no effect. Colombian tactics are essentially of the guerrilla type, yet there have been instances of attacks in the face of certain destruction which are appalling in their utter disregard of danger.

Blair guilty of forgery in order to win its suit, is it co-operating with the circuit at-torney's office in the criminal prosecution?" Judge McKeighan was asked.
"So far as I know it is not," he replied

"We haven't offered any assistance and none has been asked. I presume if Mr. Folk asked for any evidence that we might have we should furnish it. But so far he has not asked. The criminal case and the insurance suit are entirely separate.'

evidently can gain little assistance from the state.

"Furthermore any action that the state courts may take could not be used as evidence in the insurance suit. Mrs. Blair and her sons, Percy L. and Frank P. Blair, are defendants with James L. Blair in the latter suit, and their interests cannot be prejudiced by the criminal proceeding. The two cases are in fact as independent as possible and have the same defendant."

Blair has until the first Monday in January to file his answer to the charges of the insurance company in the federal court. Following that the trial of the case will be set in the United States circuit court. Pending the filing of Blair's answer no action is likely further than the appointment of a guardian for his sons, Percy L. and Frank P. Blair, who are not of age.

Unequaled in Lighting and Burning Qualities and by Far the Best Matches Made. It is surprising what a difference there is in the various kinds of matches offered for

sale. Some are so short and so brittle that one's fingers are always in danger of being burned. Others are so improperly headed or manufactured that the heads fly off or they fail to light.

Search Light Matches, however, have none of these imperfections. They have the reputation of being the only perfect matches on the market. Their superiority over all other kinds of matches is easily proven—first, because they have larger and longer sticks of smooth white plne; second, a lighting quality that's unequaled; third, they will burn a full half minute.

Practical housekeepers buy them because they are sure lighters and the sticks are extra long. Burning a full half minute, they give more and belter service than other matches. Discriminating smoker's use them because they always light readily and the sticks do not break easily.

Machine Turned Upside Down When Launched and Nearly Drowned Its Operator

WASHINGTON, Dec. 3.—Under weather conditions which were regarded as perfect the Langley airship or aeroplane was given a second trial a short distance from Washington, down the Potomac, yesterday afternoon, the result being the complete wreck of the craft.

On the word being given to launch the seroplane, it gilded smoothly along the launching tramway until the end of the tramway was reached when, on being left to itself, it broke in two and turned completely over, precipitating Prof. Charles Manly, who was operating it, into the icy water beneath the tangled mass. A number of launches, containing newspaper men and tother, immediately steered for the spot, but before they could reach Prof. Manly one of his assistants leaped overboard and took him aboard the houseboat on which the launching tramway was laid.

"Milady's" dresser made in goldn oak, with large bevel mirror, where "Milady" may smile at herself all the day long, is one of the beautiful pieces of furniture that Mr. Mulvihill recommends as "sure to please." eH also suggests a bookcase and desk as one of the best things to bring joy to a woman who likes to read a bit, as well as write.

To women who are fooking for something to make their masculine relatives happy he speaks encouragingly of "comfort" and shows by way of illustration rockers and Morris chairs and fine oak-frame couches, thinckly padded in order to give rest to tired bones.

For the parlor that has either "done without" or tried to look its best with old-time furniture, he names a present in the way of three-piece and five-piece parlor suits in 1903 patterns.

Stoves and carpets are also among the offerings. The purchase of each of these articles means no more than the payment of il a week, which is Mulvihili's way of solving the Christmas present question.

The report that Rockford would be dropped next season for the sake of taking in Peoria is emphatically denied by officers of the league. In spite of these assertions, however, many rumors are afloat that Rockford would be dropped. Several of the members of the association say that the subject was voted upon, Peoria being named as the city to fill the vacancy thus made. The vote, they said, resulted in a tie, thus leaving Rockford in the league, and Peoria will have to wait another year.

It was decided to have five umpires in the future, one being held in reserve.

been idle, it is evident that he has not been starving.

Attell's hand, which was supposed to be in a bad way, is now all right, according to his own declaration. He had a case of blood poisoning some time ago, and scare reports had it that Attell was out of the fight game for good. This morning Attell's hand showed a few scars of the wound, but no soreness. Attell has been working regularly for some time and is fit to go in the ring right now.

Forbes will follow Attell here Monday. At present he is overseeing a fight emporium at Chicago and cannot leave. He, too, has been training steadily.

Forbes and Attell will fight a bitter battle beyond all doubt. They were the pair that practically opened the West End Club's game two years ago and are now elected to reopen it.

Forbes' victory over Attell on the first occasion is the only black mark against Attell, except the defeat by Yanger—which was a virtual win for the Californian.

'AGE WAGON STRUCK BY CAR

Member of Corps Thrown to Ground Eleven Defendants Are Named in This Is How Mother of Pretty Rena and Slightly Injured-Accident at Thirteenth and Olive

A salvage corps wagon, running south day morning, was struck by an eastbound Olive street car and thrown against a

lamp post.

One of the men on the salvage wagon was thrown to the street and injured about the legs. He was taken back to the salvage corps house at 711 Locust street.

The wagon had almost crossed the street when the car struck its back wheel, tipping it aimost over and throwing all the occupants out. The car, in charge of Motorman Bassett, was not damaged.

Witnesses say that the car was not going fast, but that the notorman evidently did not have sufficient warning of the approach of the salvage corps wagon.

BOY BUYS CANDY, BUT NO GIN. Given Five Dollars to Get Drink for Negro He Invests Heavily

in Sweets
Percy Maclin, 13 years old, of 2304 Montgomery street prevented Joseph Siers, a negro, from drinking 15 cents' worth of gin, Wednesday morning, by investing the 15 cents, plus \$1.85, in candy. The police have possession of the boy and the candy. Siers says he gave the boy \$5, sending him for gin and telling him to return the change with the drink.

Instead of carrying out orders, Percy spent \$2 for candy and kept \$3 for future use. When arrested by the police his pockets were buiging with candy and his mouth also was full. He had three sliver dollars. A warrant for petty larceny was issued and the boy was turned over to the juvenlie court. gin, Wednesday morning, by investing the

ELOPED WITH PETE THE CANDY MAN?

Bugg Accounts for Girl's Absence

Injunction against the "scalping" of World's Fair tickets was asked by the Big Four railroad, for itself and for all other railroads entering St. Louis, in the United States Circuit Court Wednesday.

The petition sets forth that great loss to the petitioner is threatened during the World's Fair period by ticket scalpers, as it will be impracticable for the railroads to pursue the usual methods of registering nontransferrable tickets.

Absence

Mrs. Mollie McLaughlin of 722 O'Fallon street believes that her 16-year-old daughter, Rena Bugg, who has been missing from home since 6 o'clock Monday morning, has eloped with a downtown theater attache, whom she knows only as "Petc."

Rena, according to the mother, met and fell in love with the theater man when she attended a Sunday night performance and found him selling candy in the gallery. Prospects of a theater life were attractive.

TRACED DOWN HER BROTHER'S SLAYERS

Woman, as Her Own Detective, Finds Trio, and the Police Make the Arrest

Two policemen, guided by Mrs. Marina Berry, of 6618 South Broadway, went to 312 North Twelfth street Wednesday morning and arrested Joseph Minor, Clar-ence Stutfield and Joseph Darling on the charge of killing Ben Gannison, Mrs. Bar-ry's brother.

charge of killing Ben Gannison, Mrs. Barry's brother.

The murder was committed at a Wabash railroad camp near Wellesville, Mo., Monday night. The men admit the shooting, which they say was accidental, but a telephone message from Wellesville says they shot Gannison in a craps game quarrel. The men went to St. Charles on a freight train, and returned to St. Louis on a St. Charles car.

Mrs., Barry began to do detective work as soon as she heard of the shooting, and located the three men. Then she informed the police.

HALE and HEARTY at 103 THE LOCAL DRAMA IS A FEAST THIS

Wolf Weisman, of Hoboken, N. J., Now in His 104th Year, and Possess of all His Faculties, Says "Duffy's Pure Malt Whiskey Keeps My Mind Clear and Body Strong and Well. It Has Prolonged My Life Many Years."

Mr. Weisman is Just as Keen and Bright as He Was 25 Years Ago, Is Up Every Morning at Four, Walks a Couple of Hours, and After a Busy and Use-ful Day Sleeps Like a Baby.

I take great pleasure in writing you that I have already celebrated my 103d birthday. I feel as strong and vigorous at this ripe old age as I did twenty-five years ago. I arise at 4 o'clock in the morn-ing and walk for two hours daily in the open air; spend much of my time in the synagogue reading and praying; retire at 7 o'clock and sleep like a baby.

"I was born in Russia in 1800 and have lived a happy, natural life, My habits have always been temperate; I cat very little meat and have never eaten pork. I had four new teeth when I was 101.

"I HAVE USED DUFFY'S PURE MALT WHISKEY FOR YEARS. It tones up the system, enriches the blood, stimulates the circulation, takes away that tired feeling and keeps my mind clear and body strong and well. It has undoubtedly prolonged my life many years. I am very thankful for having heard of Duffy's Pure Malt Whiskey and would not be without it."—WOLF WEISMAN, No. 110 Adams St.

What Duffy's Pure Malt Whiskey has done for Mr. Weisman it has been doing for hundreds of thousands of men and women during the past 50 years and will do for you. It is the most effective and successful tonic and stimulant known to medicine, and is prescribed by over 7000 doctors and used exclusively in 2000 hospitals as the one sure, perfect and permanent cure and preventive of disease.

DUFFY'S PURE MALT WHISKEY

REEPS THE OLD YOUNG—THE YOUNG STRONG.

KEEPS THE OLD YOUNG—THE YOUNG STRONG.

It brings into action all the vital forces, makes digestion perfect and enables you to get from food all the nourishment it contains. It enriches the blood, stimulates circulation, builds up nerve tissue, tones up the heart, gives power to the brain and strength and elasticity to the muscles. It strengtheris and invigorates overworked, run-down men; tired-out, nervous, delicate women and sickly children.

Duffy's Pure Malt Whiskey cures and prevents coughs, colds, grip, bronchitis, asthma, catarrh, pneumonia, pieurisy, consumption and all diseases of throat and lungs; dyspepsia, indigestion and every form of stomach trouble; nervousness; malaria and all low fevers. It is invaluable in all weakened, wasting, diseased conditions, no matter from what cause.

If you wish to keep young, strong, active and vigorous, and have on your face the glow of perfect health; if you wish to live to a great old age and to retain undimmed the use of all your faculities; if you would enjoy life to the fulleys, take Duffy's Pure Malt Whiskey regularly, a tablespoonful in a glass of milk or water three times a day. No other medicine or combination of medicines will do what Duffy's will do.

OAUTION.—When you mak for Duffy's Pure Malt Whiskey be sure you get the

day. No other medicine or combination of medicines will do what Duffy's will do.

CAUTION.—When you ask for Duffy's Pure Mait Whiskey be sure you get the
genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will
try to sell you cheap imitations and mait whiskey substitutes, which are put on
the market for profit only, and which, far from relieving the stek, are positively
harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure
Mait Whiskey which contains medicinal, health-giving qualities. Duffy's Pure
Mait Whiskey is sold in sealed bottles only; never in flask or bulk. Look for the
trade-mark, the "Old Chemist" on the label, and be certain the seal over the cork
is unbrokes. Beware of refilled bottles.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free.

WEEK FOR THE LITERARY MINDED

It Dramatizes Writings From Three Widely-Divergent Eras: Those of Homer; Chaucer and-er, Richard

Harding Davis. This is a notable week in St. Louis the atricals. They are a feast for the literary minded. If it is the literature of the Homeric period that commands your admiration and study, the Olympic Theater offers you "Ulysses." If it is literature of the period in which Chaucer wrote that has proven your affinity, the Odeon offers "Everyman," the poetic morality play, written in 1469 (not so long after Chaucer) by Peter Dorland, a Dutch monk. If, perchance, you are strictly a modern in your literary taste, the Century Theter offers you "Soldiers of Fortune," the creation of you "Soldiers of Fortune," the creation of Richard Harding Davis. The manner in which these plays of wide-

ly-divergent literary eras are drawing auditors is proving exceptionally interesting. "Everyman," of course, is getting an element in its audience that sees neither of the plays downtown. "Ulysses" is

old upon lovers of up-to-date romance This is naturally a larger element than either of the others, and when the week shall have ended we will likely find that Robert Edeson has just a little the best of it. The drawing power of the play at the Olympic is problematical. The Monday night audience, while light on top, was still a fine audience, and one with which the management had no cause for com-plaint. Whether the play will, as it deserves, continue popular throughout the week is a question. "Ulysses" was two weeks at Chicago. It did a bigger business the second week than the first, and the company left with the manager con-vinced that a third week would have done This Is About All for Antinous.

Persons who like the theme of the play.

"Soldiers of Fortune" gets neither of these elements of citizenship, but it has a strong in "Ulysses" a great play.

PLAYS FROM WHICH TO CHOOSE NEXT WEEK

The theatrical event of the coming week from Washington University and from will be the coming of James O'Neill as a Mary Institute.

Eugenia Blair comes to the Grand Opera House next Sunday afternoon for a week of David Belasco's. Zaza. The engagement is regarded as one of the best secured for the Grand this season. The sale of seats opens Thursday morning, and there is already a lively demand for them. George Sidney's "Busy Izsy" is giving the crowds at the Grand this week some of the merriest of merriment.

The St. Louis Amateur Orchasetra will give a concert at he Y. M. C. A. Auditorium, Grand and Franklin avenues, tonight. The orchestra numbers will be from Mendelssohn, Chaminade, Lacombe, Rimeky-Korsakow and Chubert. Mrs. A. I. Epstein will sings songs by Domza and Chaminade, and R. F. Subert, cellist, will play the "Souvenir de Spa." Servais.

Valerie Bergere & Co. are headliners of the Columbia this week. She is offering a very pretty little playlet entitled "Jimmle's Exporlment," which contains a great deal of good clean comedy. Charles T. Aldrich, tramp juggler and burlesque impersonator, has one of the best things seen on the Columbia stage this season. William Windom, black-face comedian; Charles L. Fletcher, mimic; Sam Edwards, in "A Pass for Two;" Whitting and DeMonde, vocalists, and the Josselin Trio, aerialists, are all good numbers on the bill.

Coming to the Columbia next week are: Russell Bros., Felix and Barry, Rossow Midgets, Edgar Bixley, the Livingstons, Burton and Brooks, Charlie Rossow, Sullivan and Pasquelena, the Aerial Smiths, Mr. and Mrs. Ellisworth. the Musical Bartelis, Gertie Le Clair and Picks, Rooney & Co., and the kinodrome.

The theatrical event of the coming week will be the coming of James O'Neill as a dashing hussar in "The Adventures of Gerard." It is a new play taken from the writings of Sir A. Conan Doyle, and the stage version was handled by Doyle and Arthur Presbrey. Mr. O'Neill opened in the piece out east a few weeks ago, and has been received with favor amounting sometimes to enthusiasm. The story of the piece is strong, as are all of those in which this popular American actor has been seen for so many years. His Gerard is naturally quite similar to his D'Artagnan. He opens at the Olympic Monday night, the sale of seats beginning tomorrow morning.

One of the greatest of all musical comedy successes, "The Burgomaster," will be seen at the Century Theater all next week, beginning with the performance Sunday night. Among the original members of the company who will be seen here are Ruth White. Milliam Riley Hatch. Thomas Rick etts, R. J. Moye, George McKissock and Louise Brackett. Oscar L. Figman is the company are Charles Sharp, Hein Dexter Harriet Sheidon and Josephine Ditt. The sale of seats opens tomorrow morning at the box office of the Century.

In keeping with the stage productions of "Foxy Grandpa" and "Buster Brown," the Crawford Theater will have next week a play called "Alphonse and Gaston" at the box office of the Century.

Second Week of "Everyman" "Everyman" opened its second week at the Odeon Monday night. The attendance was not large, but the heavy audience at "Ulyssos" probably accounted for it, for both of the play is laid in and around the city.

Eugenia Blair comes to the Grand Omers. the Odeon Monday night. The attendance was not large, but the heavy audience at "Ulyssos" probably accounted for it, for the old morality play brought to St. Louis by Messrs. Greet and Frohman has been doing a good business here; so good, in fact, that when the third week in "Everyman" ends, the company will remain at the Odeon in Shakesparean plays. Mrs. Catherine Crawley continues to win great admiration to herself in the titie role. She is on the stage all but five or six minutes of the one hour and forty nihutes of continuous play, and her lines are numerous and hard. Yet she makes her work not only delightful, but in many respects remarkable, and one wonders that she is content to practice her profession in the obscurity of the play in which she is seen. That she acts anonymously does not. of course, work her any harm, for curlosity to know her name probably leads more reople to learn it and remember it than would be true dld one read "Mrs. Catherine Crawley" in the cast. But it is still true that she acts in comparative obscurity, for the old morality play has been in the United States more than a year, and practically nothing has been heard of Mrs. Crawley's acting. This could hardly have been true had she come from England say, as the leading lady of some such actor as Irving. or, with Tree, with whom she was associated as leading lady some six

A Question Often Asked by Those Afflicted With Piles.

ficted With Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles.

People often become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment, and naturally he discourages them by telling them that their case is hopeless.

They in turn discourage others, and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands

aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the aching or itching at once.

inflammation and stops the acting or itching at once.

Thousands who had resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a pile specialist.

Children and the "Great White Plague."

Prof. Hoff's Cure for Consum Many Young Lives. To see the young and trustful—the children in whose breasts have just begun to blossom hopes of useful lives and a faint glimmering of life's perplexing problems—begin to wither under the touch of the great white plague is the most pit. great white plague is the most pit-iful thing that comes to parents.

A little girl in Lowell, Mass., was

given up to die. On her cheek was the red spot that has always been looked upon as the seal of the consumptive's fate.

The child's doctor said that no medicine yet devised by man could benefit her. The mother must patiently await the end, each day adding its weight to her heart's burden.

But the newspapers going into Lowell told of the discovery made in Vienna. They told of the wonderful cure of Frederick Hammann, the celebrated New York consumptive who was sent to Vienna at the expense of the New York American and Journal, and was cured by Prof.

And now that same mother tells of another cure:

American Bureau, Rendiner & Sobiesinger, Third Avenue and 10th st., N. Y.:

Kindly send me two bottles of Prof. Hof's Consumption Cure. Our little girl is now cured. While last May our dector said no medicine could help her and that she would live only a short while. We have had it now six months, and the door now says that her lungs are all right. I am also getting the medicine for catarrh, and hope to be as successful in curing it as we were with consumption.

MRS. W. ENGLAND, 236 Hale st., Lowell, Mass.

It is the growing prevalence of consumption among children that has made thinking persons believe more than ever that it was not a part of the great scheme of creation to have this dreadful disease placed on earth to strike indiscriminately among the young and the old, without a cure being placed within easy reach, if man could but discover it.

In some cases from one to three bottles have checked the malady. Of course, cures are not to be expected so shortly every time. This gentleman has used but two:

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th st., New York:

I have used two bottles of Prof. Hoff's Cure and I cannot express my gratitude for it. It camby is a wonder.

A. M. KREPP, Fairmount, S. C. How bronchitis may draw down your weight and vitality and how Hoff's Cure will build both up in a short season are here shown:

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th st., New York:
Please send me one bottle of Prof. Hoff's Cure for Bronchitis. I commenced taking it is
October; at the time weighed 97 pounds, now I weigh 167%.
WILHELMINA. SPATH, 1221/4 N. Missouri Av., Atlantic City, N. J.

Another symptom of returning health, when the Hoff Cure begins ts work, is the recovery of the appetite promptly:

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th st., New York:
Enclosed find \$1.00, for which please send me one bottle of Prof. Hof's Cure. The one bottle
I have taken has done me a world of good, and I have a splendid appetits, weigh more and am
benefited in every way.

MILTON SILANCE, Milburn, N. Y. Some people go to New Mexico hoping the climate may cure them.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th st., New York:
Please send me two bottles of Prof. Hoff's Consumption Oure BY FIRST MAIL. It is doing me worlds of good, and greatly benefiting me.

E. G. C. DUVAL, Agent A., T. & S. F. R. B., Glorietts, N. M. Any general practitioner can recognize that feeling of weariness and langour, sensitiveness to cold and exection, which are the forerunners of the first stages of consumption. It is at this stage that Professor Hoff's treatment gives immediate results. Chronic Bronchitis, Asthma, and the various forms of Catarrh require but a few weeks' treatment.

In the second and third stages, where the foregoing symptoms are accompanied by night sweats, chills, fever, hemorrhages, loss of flesh and swelling of legs and feet, and in the case of women, especially young girls blossoming into womanhood, the interruption of womanly functions, the remedy produces the same beneficial results, and in all cases a marked and decided improvement is immediately noticed.

In a few days the fever, as well as the insomnia, disappears, and increase of weight is the most conspicuous sign of improvement. Cure upon cure of cases pronounced hopeless are daily reported, and physicians and sanitariums throughout the country have discarded creosote and adopted this treatment.

Asthma and bronchial affections-even severe coughs-are cured as effectually by the remedy as is consumption. Sometimes, when the diagnosis has not fully established the nature of the disease, the Hoff

Cure has successfully diagnosed it by working a cure.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third avenue and 10th street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and favorably known firms mentioned below.

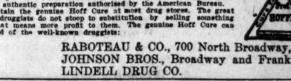

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna. A 64-page book, containing complete descriptive treatise on the

Professor Hoff Cure and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well-known druggists'.

IMPORTANT—other Hoff Cures not bearing this triangular trade mark are not the authentic preparation authorised by the American Rureau.

You can obtain the genuine Hoff Cure at most drug stores. The great hody of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff Cure can always be procured of the well-known druggists:

'AGE WAGON

Member of Corps Thrown to Ground Eleven Defendants Are Named in This Is How Mother of Pretty Rena and Slightly Injured-Accident at Thirteenth and Olive

A salvage corps wagon, running south on Thirteenth street at 9 o'clock Wednes-day morning, was struck by an eastbound Olive street car and thrown against a

amp post.

One of the men on the salvage wagon was thrown to the street and injured about the legs. He was taken back to the salvage corps house at 711 Locust street.

The wagon had almost crossed the street when the car struck its back wheel, tipping it aimost over and throwing all the occupants out. The car, in charge of Motorman Bassett, was not damaged.

Witnesses say that the car was not going fast, but that the notorman evidently did not have sufficient warning of the approach of the salvage corps wagon.

gin, Wednesday morning, by investing the 15 cents, plus \$1.85, in candy. The police have possession of the boy and the candy. Slers says he gave the boy \$5, sending him for gin and telling him to return the change with the drink.

Instead of carrying out orders, Percy spent \$2 for candy and kept \$3 for future use. When arrested by the police his pockets were buiging with candy and his mouth also was full. He had three silver dollars. A warrant for petty larceny was issued and the boy was turned over to the juvenile court.

RAILROADS WOULD ENJOIN SCALPERS

Suit Filed, Relative to World's Fair Tickets

Injunction against the "scalping" of World's Fair tickets was asked by the Big Four railroad, for itself and for all other railroads entering St. Louis, in the United States Circuit Court Wednesday.

The petition sets forth that great loss to the petitioner is threatened during the World's Fair period by ticket scalpers, as it will be impracticable for the railroads to pursue the usual methods of registering nontransferrable tickets.

Mrs. Mollie McLaughlin of 722 O'Fallon street believes that her 16-year-old daughter, Rena Bugg, who has been missing from home since 6 o'clock Monday morning, has eloped with a downtown theater attache, whom she knows only as "Pete."

Rena, according to the mother, met and fell in love with the theater man when she attended a Sunday night performance and found him selling candy in the gallery. Prospects of a theater life were attractive

WEEK FOR THE LITERARY MINDED

It Dramatizes Writings From Three Widely-Divergent Eras: Those of Homer; Chaucer and-er, Richard

Harding Davis. This is a notable week in St. Louis the atricals. They are a feast for the literary minded. If it is the literature of the Homeric period that commands your admiration and study, the Olympic Theater offera you "Ulysses." If it is literature of the period in which Chaucer wrote that has proven your affinity, the Odeon offers "Everyman," the poetic morality play, written in 1459 (not so long after Chaucer) by Peter Dorland, a Dutch monk. If, perchance, you are strictly a modern in your literary taste, the Century Theter offers you "Soldiers of Fortune," the creation of ldiers of Fortune," the creation of hard Harding Davis.

The manner in which these plays of wide ly-divergent literary eras are drawing auditors is proving exceptionally inter-esting. "Everyman," of course, is getting an element in its audience that sees neith er of the plays downtown. "Ulysses" is attracting lovers of the spectacular an

hold upon lovers of up-to-date romance This is naturally a larger element than either of the others, and when the week shall have ended we will likely find that Robert Edeson has just a little the best of it. The drawing power of the play at the Olympic is problematical. The Monday night audience, while light on top, was still a fine audience, and one with which the management had no cause for com-plaint. Whether the play will, as it deserves, continue popular throughout the week is a question. "Ulysses" was two weeks at Chicago. It did a bigger business the second week than the first, and the company left with the manager con-vinced that a third week would have done a bigger business than the second. In-asmuch as the play is to be here but a persons who like the theme of the play.

be quick to appreciate the worth of the piece and will not wait too long to discover

PLAYS FROM WHICH TO CHOOSE NEXT WEEK

One of the greatest of all musical com-edy successes, "The Burgomaster," will be seen at the Century Theater all next week, beginning with the performance Sunday night. Among the original members of the company who will be seen here are Ruth White. William Rilev Hatch, Thomas Rick-etts, R. J. Moye, George McKissock and Louise Brackett. Oscar L. Figman is the new burgomaster. Other members of the company are Charles Sharp, Helen Dexter, Harriet Sheldon and Josephine Ditt. The sale of seats opens tomorrow morning at the box office of the Century. Have you doctored without benefit? Is your stomach ruined from drugs and your money wasted? Are you tired of using useless remedies? Then come to me. I have DR. McLAUGHLIN'S ELECTRIC BELT its warming, vitalizing power. You wake full of ambition, with a healthy desire to tackle your day's work. Each day you gain new life from it and soon

In keeping with the stage productions of "Foxy Grandpa" and "Buster Brown," the Crawford Theater will have next week a play called "Alphonse and Gaston," which is said to be very, very funny. The nature of the plece may be readily guessed. The company which will produce it includes several clever comedians, among them Harry Harrey, Lloyd Ingrham, J. W. Letton, Harry Carter. Zoe Matthews, Mernica White and Mabel Gage. There is said to be an exhibit of pretty girls worth going across a car line to see.

Rehearsals for "The Desperate Lord Ray.

Rehearsals for "The Desperate Lord Barrington" are progressing at Havlin's, and the play will be put on for New Year's week, with a special matinee New Year's day. The company organized for the dramstigation of Barrington's atization of Barrington's career is headed by Victory Bateman and Oscar Dane, and they are enthusiastic over the prospects. The opening in St. Louis will be especially fitting, for much of the play is laid in and around the city.

Eugenia Blair comes to the Grand Opera House next Sunday afternoon for a week of David Belasco's "Zaza." The engagement is regarded as one of the best secured for the Grand this season. The sale of seats opens Thursday morning, and here is already a lively demand for them. Jeorge Sidney's "Busy Izzy" is giving the rowds at the Grand this week some of the merriest of merriment.

crowds at the Grand this week some of the merriest of merriment.

The St. Louis Amateur Orchasetra will give a concert at he Y. M. C. A. Auditorium. Grand and Franklin avenues, tonight. The orchestra numbers will be from Mendelssohn. Chaminade, Lacombe, Rimsky-Korsakow and Chubert. Mrs. A. I. Epstein will sings songs by Domza and Chaminade, and R. F. Subert, cellist, will play the "Souvenir de Spa," Servais.

Valerie Bergere & Co. are headliners of the Columbia this week. She is offering a very pretty little playlet entitled "Jimmle's Exportment," which contains a great deal of good, clean comedy. Charles T. Aldrich, tramp juggler and burlesque impersonator, has one of the best things seen on the Columbia stage this season. William Windom, black-face comedian; Charles L. Fletcher, mimic; Sam Edwards, in "A Pass for Two;" Whitting and DeMonde, vocalists, and the Josselin Trio, aerialists, are all good numbers on the bill.

Coming to the Columbia next week are: Russell Bros., Felix and Barry, Rossow Midgets, Edgar Bixley, the Livingstons. Burton and Brooks, Charlie Rossow, Sullivan and Pasquelena, the Aerial Smiths, Art the Imperial Theater next Sunday Matthes Hall Calmes play. "The Oritonstands of the Columbia of the Columbia Russell Bartells, Gertie Le Clair and Picks, Rooney & Co., and the kinodrome."

The theatrical event of the coming week will be the coming of James O'Neill as a dashing hussar in "The Adventures of Gerard." It is a new play taken from the writings of Sir A. Conan Doyle, and the stage version was handled by Doyle and Arthur Presbrey. Mr. O'Neill opened in the piece out east a few weeks ago, and has been received with favor amounting sometimes to enthusiasm. The story of the piece is strong, as are all of those in which this popular American actor has been seen for so many years. His Gerard for nearly a generation "The White Slave" is Manager Garen's attraction at Havlin's this week. Garen's attraction at Havlin's this week. Garen's attraction at Havlin's this week. The Gottlobs are strictly it at Hashagen's this week with their German dialect and other comedy work. Other entertaining specialties are the singing and dancing of the Leindecker sisters, John Morgan's head balancing on the trapeze bar, Al G. Coming next week are Hibbert and Lewis, up-to-date sketch team; Cook and Howard, musical comedians; the Beauty Show, biograph and other good specialties. A prize masked ball will be held in the Audievening.

A new addition to the attractions at the Zoo consisting of nearly 100 of the various species of snakes from a boa constrictor to a rattler, were installed yesterday. A new series of pictures on the vitascope are to be seen in the annex.

Second Week of "Everyman" "Everyman" opened its second week at the Odeon Monday night. The attendance was not large, but the heavy audience at the Odeon Monday night. The attendance was not large, but the heavy audience at "Ulyssos" probably accounted for it, for the old morality play brought to St. Louis by Messrs. Greet and Frohman has been doing a good business here; so good, in fact, that when the third week in "Everyman" ends, the company will remain at the Odeon in Shakesparean plays. Mrs. Catherine Crawley continues to win great admiration to herself in the titie role. She is on the stage all but five or six minutes of the one hour and forty minutes of continuous play, and her lines are numerous and hard. Yet she makes her work not only delightful, but in many respects remarkable, and one wonders that she is content to practice her profession in the obscurity of the play in which she is seen. That she acts anonymously does not of course, work her any harm, for curiosity to know her name probably leads more reople to learn it and remember it than would be true did one read "Mrs. Catherine Crawley" in the cast. But it is still true that she acts in comparative obscurity, for the old morality play has been in the United States more than a year, and practically nothing has been heard of Mrs. Crawley's acting. This could hardly have been true had she come from England say, as the leading lady of some such actor as Irving, or, with Tree, with whom she was associated as leading lady some six years ago.

A Question Often Asked by Those Afflicted With Piles.

Children and the "Great White Plague."

Prof. Hoff's Cure for Consumption Saves Many Young Live.

To see the young and trustful—
the children in whose breasts have
just begun to blossom hopes of useful lives and a faint glimmering of
life's perplexing problems—begin
to wither under the touch of the
great white plague is the most pitiful thing that comes to parents.

A little girl in Lowell, Mass., was

given up to die. On her cheek was the red spot that has always been looked upon

as the seal of the consumptive's fate. The child's doctor said that no medicine yet devised by man could benefit her. The mother must patiently await the end, each day adding its weight to her heart's burden.

But the newspapers going into Lowell told of the discovery made in Vienna. They told of the wonderful cure of Frederick Hammann, the celebrated New York consumptive who was sent to Vienna at the expense of the New York American and Journal, and was cured by Prof.

And now that same mother tells of another cure:

American Bursau, Readince & Schlesinger, Third Aceuse and 10th st., N. Y.:

Kindly send me two bottles of Prof. Hor's Consumption Cure. Our little girl is now cured.

While last May our dector stid of medicine could help her and that she would live only a short while. We have had it now six most and the dector now says that he large are all right. I am also getting the medicine for catarrh, and hope to be as successful in curing if as we were with consumption.

It is the growing prevalence of consumption among children that has made thinking persons believe more than ever that it was not a part

of the great scheme of creation to have this dreadful disease placed on earth to strike indiscriminately among the young and the old, without a cure being placed within easy reach, if man could but discover it.

In some cases from one to three bottles have checked the malady. Of course, cures are not to be expected so shortly every time. This gentleman has used but two:

E. G. C. DUVAL, Agent A., T. & S. F. B. E., Gloristts, N. M. Any general practitioner can recognize that feeling of weariness and langour, sensitiveness to cold and exection, which are the forerunners of the first stages of consumption. It is at this stage that Professor Hoff's treatment gives immediate results. Chronic Bronchitis, Asthma, and the various forms of Catarrh require but a few weeks' treatment.

In the second and third stages, where the foregoing symptoms are ompanied by night sweats, chills, fever, hemorrhages, loss of flesh and swelling of legs and feet, and in the case of women, especially young girls blossoming into womanhood, the interruption of womanly tions, the remedy produces the same beneficial results, and in all cases a marked and decided improvement is immediately noticed.

In a few days the fever, as well as the insomnia, disappears, and increase of weight is the most conspicuous sign of improvement. Cure upon cure of cases pronounced hopeless are daily reported, and physicians and sanitariums throughout the country have discarded creosote and adopted this treatment.

Asthma and bronchial affections-even severe coughs-are cured as effectually by the remedy as is consumption. Sometimes, when the diagnosis has not fully established the nature of the disease, the Hoff

Cure has successfully diagnosed it by working a cure.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third avenue and 10th street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the

well and favorably known firms mentioned below. The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well-known druggists'.

IMPORTANT—other Hoff Cures not bearing this triangular trade mark are not the authentic preparation authorised by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great hody of honorable druggists do not stoop to substitution by selling something just as good' that means more profit to them. HIGH CLASS DRUGGISTS

AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. They know that in cases of colds and headaches attended by billousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the proression and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup" and of some piratical concern. sometimes have the name—"Syrup of Figs"—or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Company to the feart of every package, do not begitte to return the California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Pneumatic Tube Service Will Carry
Parcels at Speed of Lightning Express Train

LINE TO NEW YORK PLANNED

After Exposition, Company Expects to Extend Service to All, Parts of the City

Delivery of mail and merchandise rate of a mile a minute is promised the establishment of a promistic to service, which will be in operation ber he World's Fair opens.

A bundle not exceeding 13 inches in di

ameter or weighing more than 500 pounds, deposited at Union Station will reach the World's Fair grounds five minutes later.

St. Louis is made the basis for the practical demonstration of the effectiveness of long-distance tubes, the ultimate aim of the Universal Pneumatic Tube Service Co. being to construct a line between St. Libus and New York. The promoters predict that this distance, 1900 miles, can be covered in even hours, The Council has just passed an ordinario

authorizing the company to build a pneu matic tube service from Union Station to the Exposition along the following route At Twentieth street west on Clark ave nue to Compton avenue, north to first al

ley, west through alley to Theresa avenue to Clark, thence west to Spring, north on Spring to Forest Park boufevard, west to Boyle, north to first alley, west through alley to King's highway, north to Lindell avenue to Skinker road, west to the Transportation building, where head-quarters will be located.

All systems of pneumatic service now in use are by pressure, and it is claimed that it is impossible for them to make a single long delivery of more than it or is miles.

The proposed service is the vacuum system, and by means of relay intakes of power it is held that long distances can be made with ease. The power is the atmosphere, which has a pressure of 14.7 pounds per square inch. Three pipes are used, two for delivery and a third as a suction pipe. The two delivery pipes are connected with the third pipe at intervals of two or three miles, according to the size of the pipes.

Five Hundred

Miles at Once

At the peint of intersection are intakes where the pipe is brought to the surface, and where the atmosphere back of the carrier can be let in, adding new power.

When a carrier or cartridge, as the transmitters are sometimes called, is entered at the beginning of a line the air rushes in to produce an equilibrium and takes the carrier through section 1. There the speed or momentum forces the carried out of section 1 into section 2, automatically closing the first and epening the intake into the second. In this way it is predicted that a single delivery of 500 miles can be made, if necessary.

It is estimated that the tubes can carry 50,000 pounds of freight every hour.

The officers of the company seeking the franchise are: William H. Dinspel, president, Boston, Mass.; J. W. Peebles, general manager, also of, Boston; Frank J. Rubly, vice-president, and S. Melon, treasurer, both of Chicago. The local attorney of the company is Alexander J. B. Garescohe.

The installing of the service between Miles at Once

esche.
The installing of the service between Union Station and the World's Fair grounds will cost about \$200,000. The company proposes to pay the city 5 per cent of gross earnings.
After the Fair it is intended to extend the service to householders.

This turn in the affairs of the Christian Catholic Church followed a financial showing which satisfied all the creditors, who immediately made formal motion before

ing which satisfied all the creditors, who immediately made formal motion before Judge Kohlsaat to have the receivership appointed by the United States District Court, a week ago, dissolved As no objection was offered to the motion by any of the creditors. Judge Kohlsaat granted the request and Receivers Blount and Currie were disolarged.

While the receivers have been relieved from furth duties at Zion City, the bankruptcy proceedings are still maintained. It is likely, however, that these will be dismissed in a day or two, or as soon as the creditors' committee appointed Monday has an opportunity to report on the advisability of accepting Dowle's offer of settlement. This provides for payment of all merchandise accounts within one year and the giving of notes in the meantime bearing 5 per cent interest. By the terms of agreement Dowle has astreed to pay all the expenses of the receivers.

The ejectment of the receivers from Zion City appared to please all concerned.

CHICAGO. Dec. 9.—"If the fight for the closed shop is allowed to continue there will be scenes of bloodshed in this country that will surpass the days of the French revolution. The closed shop is mamerican, unrighteous, a restriction of the liberties of our people and a death blow to the individualism that makes for success."

The foregoing expression by W. B. Brinton, president of the Peru Plow Co., was cheered last night by 600 members of the Illinois Manufacturers' Association at their annual banquet.

"Our rights," declared Mr. Brinton, "are dependent on the settlement of the question once for all whother an employer can hire whom he pleases without being subject to the dictation of an organised body. "The Chicago City Railway has won a great victory in establishing its right to engage its own emplayes. Without this right, which is becoming recognized by the great mass of people, the commercial supremacy of the United States will be at an end."

A Physic Won't Cure Constipation.

It will make you worse. It takes a stronger medicine next time to move your bowels. All the time you are losing strength. If you had strength to digest the food and remove it from the bowels instead of allowing it to rot there, as it does, you wouldn't be constipated. You know that kind of treatment won't cure.

Mull's Grape Tonio WIII.

This is not a physic. Its action is not like any other treatment known. You know any other treatment known. You know about the strengthening properties of the grape. Mull's Grape Tonic is made from grapes and is so compounded that it exerts a beneficial influence over the digestive organs, strengthening them so they can perform their functions voluntarily, making rich blood and strong muscles. The winter of the poor is a terrible thing. In the effort to make home habitable, to feed hungry mouths and flothe the many little is left for holiday making.

It is for these that the Post-Dispatch Christmas Festival was organized. To give every one not otherwise provided for in St. Louis a good dinner, warmth and entertainment, and to every child a gift from Santa Claus is surely part of your duty. To do this requires a great deal of money. What will you give to aid the fund and make some poor child happy on Christmas day?

The May Co. Formerly Crawford's

The May Co. Formerly Crawford's

Explanatory!

On Saturday, Dec. 5th, we bought from the Receiver by order of the United States District Court the entire stock, good will, leases and fixtures of D. Crawford & Co. for the largest amount in cash ever paid in St. Louis for a mercantile concern. That the purchase was a good one is proven by the fact that two different parties have made us an offer of a very large sum in cash above the price paid for the bargain we secured in the purchase. Both offers were declined with the information that this business was not for sale at any price or on any terms. We had discussed for months the advisability of establishing a large and permanent Mercantile Business in the solid and rapidly growing city of St. Louis on the first opportunity. We are proud of the fact that we secured the Crawford & Co. business. This house has been one of the landmarks of St. Louis. It has been conducted on broad, honest, liberal lines. The tag of D. Crawford & Co. on a garment is a guarantee of merit. There is no shoddy merchandise here to sell, no apologies to make for past misstatements.

Manufacturing, Transportation and Mercantile Com-Personnel panies have become so large in recent years that the personnel of the owners or managers is unknown or forgotten. We are glad it is so, because we dislike to speak of personal names in advertising a mercantile concern. In this instance,

however, the St. Louis people may wish to know It is composed of four practical Merchants, who, Who the

May Co. Are

commencing business in a modest way, as young men, now own four among the largest Department stores in this country, with business running into many millions. A little less than five years ago the May Co. bought

By Their out the Hull & Dutton Co. of Cleveland, under circumstances similar to the Crawford purchase. The Works Ye Hull & Dutton Co. had been established over 25 Shall Know years and at one time was the leading store in Cleveland. At the time of their failure it had dropped Them down to fifth place. Without any sensational sales,

without any scare headlines, without any tricks of the trade this business has been built up until it is to-day the largest retail business in Ohio. Its sales are larger than the combined sales of the next two largest stores in Cleveland.

What We **Intend** Doing Here

We intend building up here a large, permanent, highclass department store, with every known modern facility for doing business pleasantly, safely and economically. Prices will be a secondary consideration. First, no goods will be purchased unless we are reasonably sure they will in every way prove

satisfactory. Second, the services and the surroundings will be of the best. Third, the prices will be as low as goods of a similar quality can be bought for in the United States. If found otherwise the goods can be returned in a reasonable time and in good order and you can have your money back. No good article is made in this country but a cheaper imitation is made. WE SELL NO IMITATIONS. We will not try how cheap an article we can sell for 98c, but we will always strive to sell you the best value made for \$1.00.

A Sensational Sale of Merchandise, Such as St. Louis Has Never Seen Except on Paper

We dislike sensational headlines and fire-crackers. We call spades spades, and we wish them to be the real thing. But present circumstances force us to seemingly adopt a system which we disapprove. There is in this store a stock of over

half a million dollars, of desirable, seasonable merchandise, and there are hundreds of cases of all new Holiday Goods held in transit, and not delivered to the Receiver, which we have bought from the owners at a great discount. ALL THE ABOVE MUST BE SOLD OUT so as to permit us to open an entirely new stock. How could we get ready? Only one way.

Close the Store All Day Wednesday

Overhaul, 'examine, and mark down the stock to a price which will insure its sale. That is just what we are doing. And, on Thursday morning at 9 A. M. we will commence what we believe to be the greatest sale of reliable first class goods ever held in St. Louis. It is impossible for us to quote you prices as

at this writing, Tuesday evening, the marking down process has not commenced. We mean every word we say. We intend selling every dollar's worth of goods in the store no matter at what loss previous to making many alterations and improvements, and to the opening this Spring of the largest stock of fine goods ever displayed in St. Louis. Do not forget we have to sell an immense holiday stock in ten days which was intended to be sold by D. Crawford & Co. in several weeks.

Formerly D. Crawford & Co. SIXTH ST. AND WASHINGTON AV.

N. B. In advance we ask for your kind patience; every effort on our part will be made to wait on you as promptly as circumstances will permit. Even in this rush sale your money will be refunded if the purchase is not satisfactory.

CINCINNATI, O. Dec. 9.—The Commercial-Tribune, the Republican organ of this region, which has been editorially questioning the wisdom of making Roosevelt the party's candidate today, said in highly displayed editorial fashion that Eugene Hale or Willam P. Frye of Maine would be a safer head to the ticket.

The article declares that Mr. Hale's nomination would satisfy every section of the country, unify the party and insure victory. It adds:

"Mr. Hale would carry New York with a whirl, also Platt's, Odel's and Roosevelt's friends in New York to a man would vote for Frye. Why take chances when we have certainties? But, if the party says Roosevelt, then so say we all."

Chief Kiely asserts that the case was properly handled. He says "the law allows the police 20 hours to hold any suspect."

Chief Kiely ought to know that the law allows nothing of the kind. He ought to know that a policeman cannot lawfully make an arrest except upon a warrant or when the offense is committed in his presence. If the police department has any such rule he ought to know it is only a rule and in direct con-

Americans are proud of their law, which expressly safeguards the liberty of the individual by placing sure checks against the

Why not put up these "vacated" titles for sale to the highest bidders? They would probably go off like hot cakes, especially to rich American parvenues eager to have a title of nobility in the family. And this would save American girls from being sold for such purposes, because the outright purchase of titles would obviate the necessity for the traffic in American millionaires' daughters.

The suggestion is earnestly urged upon the attention of the Italian and Spanish governments. They are hereby entreated to give American tuft-hunters an open market chance to be come princes, dukes, marquises, grandees, counts and dons. of the Business Men's League, of the World's Fair and of the business interests generally were present and urged delegates to act promptly on the measure.

The hearing developed little opposition except on a few points covered by the bill and they were not essential points, whereas it was shown very clearly that the bill agreed upon by the shippers' committee of the Business Men's League and the representatives of the terminal railroads must be passed in order to meet the emergency needs of the business community and of the World's Fair, and in order to rean the fruits of the of the World's Fair, and in order to reap the fruits of the work done by the Post-Dispatch and the business organizations in securing satisfactory terms from the Terminal Railroad As

The Post-Dispatch opposed the original bills because this paper recognized that the measures did not embody sufficient compensating advantages for St. Louis. They did not offer the betterment of terminal conditions required by the city's needs.

The agitation inaugurated and conducted by the Post-Dis-

"Of course we don't," rejoined the key As from the beginning, it was men's to do set As from the beginning, it was men's to do and work, women's to wait and weep.
On the rose-clad porch of a pretty cottage stood a girl of 18. Her eyes were dim with unshed tears, the roses had deserted her cheeks. The sharp commands on the green and the shrill calls of the bugle smote upon her breast. The time for the manipulator. "And besides no gentlen would make love to a woman in public any

From the Chicago News. Reporter: Where's the tattooed man A quick step resounded on the walk, the gate was flung open and the young lieutenants stood before her, hat in hand and a Turkish bath. Museum Manager: He got drunk and tool tenants stood before her, hat in hand and with a strange, pale dignity in his face. The girl had known who it was the moment she heard his step. The color returned to her cheek. She looked into his eyes with a smile.
"I thought you would not go away without saying good by Robert," she said.
"I intended to," he replied, steadily. "I—I am very human, Helen, and I love you

THE HEART OF HYACINTH

Not only is this Japanese love story by Onoto Watanna, author of "A Japanese Nightingale," one of the daintiest and most thoroughly delightful stories of Japan ever written, but the manner in which it is presented is in keeping with the charm of the story Toronto Globe: "The volume is an exquisite thing!"

MOTHER AND **FATHER**

The tender nature of the story and the richness and beauty of the book make the volume a rarely appropriate gift book. Roy Rolfe Gilson stands alone in his ability to pertray the tenderness of child life and

WINTER Between Covers

This is a book that makes one long for winter woods and snow-covered fields. The volume, a large flat one (10x14 inches), breathes winter from its every page. It includes fifty reproductions of remarkable photographs by Rudolf Eickmeyer, Jr.

A KEYSTONE OF **EMPIRE**

This is the latest book by the author of "The Martyrdom of an Empress." The intimate association of this anonymous writer with the Austrian Court enables her to continue in this volume the entertaining recital of events known only to her. The book contains autograph portraits of the Emperor and members of his family.

WOODROW WILSON'S HISTORY

This is the monumental work to which President Wilson of Princeton University has devoted the best years of his life. It is a History of the American People, in five volumes, and is the only complete narrative history in existence today. President Wilson writes in that delightful style which translates historical fact into the romance of a nation. The volumes are sumptuously illustrated.

HAWTHORNE AND HIS CIRCLE

From the Baltimore Sun: "One of the most delightful surveys of the literary men of Hawthorne's period that it has been our good fortune to enjoy." New York American: "Into the four hundred pages of this holding a reserved seat coupon." most readable book is poured a flood of anecdote, remirisc fession which makes it a veritable treasure house of interesting things:"

PORTRAITS OF THE SIXTIES

Mr. McCarthy records his personal impressions of men he knew in daily life. Dickens, Carlyle, Cardinal Newman, Thackeray, John Bright, Tennyson and other noted figures of the period, "the Sixties," are thus portrayed. The book is replete with illustrations.

Harper & Brothers, New York.

Christmas at the Booklovers

Shareholders in Million Dollar Min- Confess to Robbery Career After ing Company Astounded by Revelations

Revelations

NEW YORK, Dec. 2.—Residents of Asbury Park, N. J., who invested \$200,000 in the Fraser Mountain Copper Co. of New Mexico, have been startled by the announcement that the company has gone into the hands of a receiver upon air application of N. B. Childers, United States district attorney for New Mexico, acting for J. M. Lanning, receiver of the Monmouth Trust Co. of Asbury Park.

The complainant alleges that the company owes \$107,000 and has only \$7 in the treasury. It was capitalized at \$1,000,000 and every share of the stock was disposed of.

The concern was exploited last winter by A. C. Twining and caused the suspension of two banks in Asbury Park. Lanning, who makes the application, states that the company has no legal title to the property. The deed given by Frazer, the original owner, to Twining is with a Santa Fe bank awaiting payment of \$40,000 balance of purchase money, which is due on Dec. 21. Tho bank is directed by the court not to give the deed to Frazer.

NEW YORK, Dec. 9.—Trading for a new account in London today developed demand for American securities and a sympathetic effect was seen in the opening dealings of the stock market here in a general advance of a fraction. Amaignmated Copper was carried up a point and General Electric 1½. A few of the minor specialties showed some declines. The opening was firm.

Profits were hastily taken in Amaignmated and other stocks became heavy in sympathy. Amaignmated lost all of its risk and the average level prices was plightly below yesterday's close. Steady buying of Brooklyn Transit disturbed the shorts in that stock and they scrambled to cover. bidding the price up on themselves until it reached 50½, a rise of 3½. This demonstration of strength checked the general selling and the market recovered to the opening range. Manhatran and Metropolitan Securities moved up 1, Metropolitan Street Railway 1½. Anaconda 2½ and Brooklyn Union Gas 5. Lake Shore sold at 275 for 100 shares, compared with the previous transaction at 334½, on Jan. 4. Brooklyn Transit reacted a large fraction and the general market became dull.

A renewed advance of 2½ in Amalgamated lifted the rest of the market to the top again in sympathy. Brooklyn Transit included. The general movement was narrow. Advances over last night of a point were made in New York Central, Rock Island preferred and Colorado Puel, Chicago Union Traction rose 1½. Lacksawanna 2, Westinghouse Electric 1½ and Chicago, St. Paul, Minnsapolis & Omaha 3½. The market fell back a fraction and became dull again.

Bonds were irregular at noon.

ON THE MARKET.

ST. LOUIS, Dec. 9.—Another backset to the discredit of the bulls in wheat must be chronicled. They had a change in the cables favoring them, a wet harvest in the Argentine and other things, including supposed Armou manipulation, but after struggling with these for a few brief, burning moments, they went up against a fall of snow in the dry district and a fall-down in St. Louis, the market that started the crop scare. This combination was too much for them, and last hour or so beheld the atmosphere of the pit charged with long wheat coming out for sale. It was just an ordinary case of the crowd getting loaded up for a bulge early in the day and selling out on a break later. Just a case of didn't call the turn. On any further decline would buy for On any further decline would buy for a rally. The late cables would indi-cate something bullish on tap and it may be the rains in the South Ameri-

may be the rains in the South American country.

An abortive attempt was made to bull corn on the score that the new crop wasn't coming in as it should be at this season of the year, but most of the gain was wiped out when the bull movement in wheat went to pot. There are no signs of yearning for the cash article by the domestic or foreign buyer and, that being the case, would continue to sell corn on rallies. Also oats.

There was a decidedly better tone to the market on the local stock exchange this morning. While the volume of sales was not large, the general feeling was much improved and, with the exception of United

tained.

Transit sold to the extent of 120 shares at \$12.50, as against \$12.37½ bid yesterday. The close showed a good demand for the stock at \$13.50. After 70 shares of preferred stock trad changed hands at \$60, the demand slackened and the market closed with offerings at that figure. Confrai Coal & Coke was absent from the sales list this morning, the bids being a small fraction under the sales of yesterday, with the offerings a point away. The demand for the underlying street realroad bonds continues and there was a

BEAUTIFUL SNOW **WEAKENS WHEAT**

Heavy Selling, Started for Short and Continued for Long Account, Caused Decline

UNDERLYING BONDS IN DEMAND NEWS OTHERWISE BULLISH

Was Depressed by Wheat-Oats Continued Dull

What looked very much like a bountiful supply of the "beautiful" knocked out the weather and crop scare that lately has been troubling the peace of minds of the bears and bracing up the bulls, and brought about such a flood of selling in the wheat pit that a break of over 2c resulted. The selling started over 2c resulted. The seiling started right at the opening and was said to be for John T. Milliken, who is interested largely and is one of the principals in the December deal, and who is also said to be heavily short the May option. Stronger cables, reported heavy rains in Argentina, a bullish Bradstreet visible supply report and a stronger market in Chicago put a check on the selling for a began falling, the crop scare bulls beginning to unload and the scared-off bears putting out their lines. It was a bad break in the market, no other speculative center showing such a loss in price, and if the cables come bullish tomorrow there may be a reaction. The govern-ment report is expected to show a much lower condition for winter wheat than the 99.7 of Dec. 1, 1902. Corn developed quite a decided bullish turn during the forenoon. The receipts not bearing cut the recent claims of a largely increased movement of the new crop. When wheat fell down it pulled the props out from under corn, but the loss in price was moderate. Oats followed corn pretty closely. Cash demands for neither do not seem large.

WHEAT—A flood of wheat came out for sale in the home market at the opening. It looked as though every broker in the pit had selling orders of May, and it appeared as though each one had orders to sell at any old price from the way the wheat came out. A slam-bang market was seen and a break of %@%c quickly made, though other domestic markets were holding up well in price, Chicago even bettering, the pressure continuing for some time. It was general gossip of the pit that the selling was for a trader who is known to selling was for a trader who is known to be a leading member of the December deal and is also supposed to be largely short the

The estimate of the minister of agriculture of the Argentine makes the wheat area in the four principal provinces, practically all the wheat growing territory, 19, 640,000 acres sown against \$250,000 last year. The results of the harvest naturally depend very much on the weather during the harvest. The reports today show heavy rains.

Mr. and Mrs. George Paul of 2702 Taylor, avenue are out with a challenge in behalf of their 6-months-old baby boy, George Edward Paul, whom them believe to be the champion heavyweight athletic baby of St. Louis.

George Edward tips the scale at 25½ pounds in Mis stocking feet, and can support his own weight with his finger tips. Here are a few of the things, according to his admiring friends, entitle George Edward Paul to the heavyweight gymnastic baby championship:

He can rock himself to sleep in his cradile, eat oatmeal from a spoon, preferring it to bottled milk. He can barely squeeze his iegs and feet into a pair of stockings which were made to fit his 3-year-old sister. He can hang by his hands from a broomstick, supporting his entire weight with the tips of his fingers. He tires h.s mother out when she tries to carry him.

WASHINGTON. D. C., Dec. 2.—
When Senator Newlands of Nevada was debating his resolution/to annex Cuba he exclaimed dramatically:

"This argument furnishes every kind of fuel that eloquence needs."

He sent down for the transscript of his speech. The young woman typewriter who took the dictation of the stenographer from the phonograph had made it:

"This argument furnishes every kind of food that elephants need."

"I doubt," said Senator Hale, when he heard of it, "if even elephants could digest it."

Capt. Hobson's proposition to have the country spend \$3,750,000,000 for battleships in the next twenty years reminded Col.

"Pete" Hepburn of Iowa of the Populist who held a joint debate with the late Judge Culberson of Texas. The Populist was talking of the need of money. He said:

"Hear you-all are going to Texas," said the native dish him I'm doing mighty poorly. The interest is coming due and I wish he would send me some money."

The native then went and had a couple of drinks of local whisky. Shortly afterward he met the man who was going to Texas promised, and the native dropped into the saloing to Texas and said:

"Now, Judge Culberson," the Populist shouted, "you can't win this campaign by resorting to technicalities."

"Down in my country" said Representative Svanson of Virginia, "just before we market our cattle we take them from the clover patch and put then on short grass to get their flesh hard and firm. Every farmer knows that if he leaves his cattle on short grass too long they get in bad condition.

"The trouble with the Democratic party is that we have been on short grass too less this morning after a wild dash from Tacoma to save his \$1200 mileage. He was sworn and took a seat smilling expansively.

"Heard any new jokes lately?" asked Representative Tawney.

"No." said Cushman, "nothing that sounded quite so gleeful as that swearing-in I just got. I tell you there is a lot of humor in \$1200."

"Can you name the three counties in Delaware?" somebody asked Representative Hughes of New Jersey.

"I am not quite sure," said Hughes, "but I think they are Sussex, Addicks and Bail."

lahoms to Washington

With \$4800 of good United States money carefully packed away in copious trousers pockets, Chief David Tohee of the Iowa Indians led four others of his tribe through Union Station midway to the Baltimore & Chio train for Washington Wednesday morning.

The chief and his companions are on their way to the home of the Great Father to make formal application for possession of 13,760 acres of rich land on the Otoe reservation near Guthrie, Oka. The \$4800 is for the purpose of paying \$5 an acre for the \$90 acres which the 12 adults of the tribe will claim. The remaining 12,300 acres will be claimed for the \$9 minor children of the tribe, each asking 160 acres. The adults already have \$0 acres each.

Chief Tohee is verily a "big chief." He stands a feet 6 inches, is of powerful build and very dark. His companions are Charles Kihega, who acts as interpreter; Joe Embler, Benjamin Holaday and Joe Zetter.

"Curlous what men will do when they're drinking." said Representative "Tim" Suilivan. "When I was over in New York I heard a story about a man I know who had been out nearly all night and was considerably the worse for wear.

"He came along a street and saw an undertaker's sign, with a night bell, just over a speaking-tube. He rang the bell flercely.

"What is it?" yelled the undertaker down the tube. What do you want?"
"Nothing in particular, the chap replied; "only I want to say to you that you're the last man I'll do business with."

"A friend of mine went into a butcher shop not long ago. He saw a sign reading Fine country sausage, 8 cents a pound.

"How is it you can sell sausage for 8 cents when all the others are selling it for 16? he asked.

"Because I haven't got any, the butcher replied."
